

# HALL LED FL

ID CODE: 38

HALL LED FL is innovative **trimless LED downlight** that is **extremely flexible**, designed specifically for the hospitality environment.

The product offers both **rotation and tilt** for precise aiming of the high quality light and **interchangeable reflectors** (4 types available) allows designers complete freedom to control the light in the exact way the project demands. Colour rendering of CRI90+ ensures spaces are lit to the highest quality and an optional honeycomb louvre can be fitted offering complete visual comfort.
